11th International Meeting at Casa Assagioli
Florence, September 18th - 21st, 2025

THE CASA ASSAGIOLI EXPERIENCE

September 2025 will bring our 11th International Meeting at Casa Assagioli!
And we wish to celebrate it through an inspiring idea-force

CONNECTIONS

First of all, **Connections** as a stimulus to create an attitude and a behavioural style so needed in our troubled times, to “seed” the collective unconscious of the Planet with the urgency to create connections and spread the energy of love.

But also **Connections** for renewing our willingness and ability to generate an intimate and joyful closeness with the home of Roberto Assagioli, with the wells of Psychosynthesis, with friends from around the world, with our consciousness and our psychical functions.

Our coming together at Casa Assagioli will offer four days to express **Connections** *with* the surroundings, **among** our parts, our center, our group, and **at** the heart of our work together, adding to what many of you already know as a deep experience.

In fact you will have the opportunity to share many activities:

- refresh the consultation procedures for the Archives and the Library,
- spend time in the Archives and in the Library,
- participate in half-day experiential workshops (at your convenience), aimed at fostering connections within yourself,
- gain insights and discoveries in groups,
- have time on your own to enjoy the flavour of Florence and Casa Assagioli,
- take a psychosynthetic guided tour of a place of art in Fiesole,
- create space for fun together!

... However, the Experience at Casa Assagioli would not be complete without a tour of excellent vegetarian Italian meals in the courtyard.

A unique opportunity to be nourished and inspired by Roberto Assagioli's lifelong work, still so powerful and interesting, in an atmosphere enriched by **Connections!**

The meeting will be only held in English.

We invite you to make an early registration to benefit from our early-bird registration fees!
